

Edgeform is a high quality Laminated Veneer Lumber (LVL). Guaranteed performance and manufactured to AS/NZS 4357 standards. Especially designed for the high demands of concrete formwork. Its light, straight and comes with a high moisture protection quality that just makes life easy. It's even painted a solid red for easy identification on a crowded site.

Truform is a high quality LVL. It's tough, straight and tru. Designed and built out of laminated radiata pine (A Marine) and painted orange. So it has great moisture durability. FSC sourced timber with "chain of custody" containing no endangered rainforest. Even comes with colour coded ends for length identification! Be it a walker and soldier or a slab joist it's the best lightweight product to use.

Formply-Armourform has been used on most of Australia's premier construction sites for more than 30 years, including Sydney's Anzac Bridge, Sydney Harbour Tunnel and Lang Park Stadium. Formply-Armourform is a perfect complement to Truform. Various thicknesses for convenience and cost. Manufactured in Australia, all Big River formply is certified under the EWPA product certification scheme to meet AS/NZS 2269 & AS/NZS 2271. All products carry the PAA stamp of accreditation to the relevant Aust and NZ Standards under a JAS-ANZ accredited.

Amourdeck Steel formwork is a must for the big jobs. Lightweight strong and our decking comes in two main profiles. But not limited to these two.

300mm wide is the lightweight option for easy installation. Great for exposed concrete slabs like car parks. Gives you improved slab performance with no voids.

600mm wide giving fantastic spanning lengths. Three 200mm pans with interlocking laps for a fast install.

Amourdeck is roll-formed from hot-dip zinc coated, hi tensile steel strip in a range of base metal thicknesses, conforming to AS1397.

SERVICE CENTRES

The Ausreo Service Centre network is strategically located in Metropolitan Sydney, Melbourne & Queensland. Not only are we the fastest growing reinforcing & accessories supplier in Australia but the perfect industry lead - 'One stop shop' for the trade.

Our Service Centres offer a full range of concrete and building products. We can source a large range of products that will help you complete you're on time and within budget.

Ausreo service centres are operated by experienced and friendly staff with extensive knowledge of the building and construction industry.

If you need help or a friendly person to bounce an idea off were just part of your crew that's here to help you.
